

VALUE HUNT

Business partners are uniquely positioned to identify and recommend value opportunities across the value chain.

Agenda items

The relevance for a business partner

Participants will be able to...

1

VALUE CREATION

Understand what drives value creation in your organization.

We will discuss the levers of value creation and start defining a company specific value driver tree.
We will moreover discuss ways in which Finance can help move the needle on key value drivers.

- Create a company specific value driver tree and identify reports and analysis that can help drive value.

2

VALUE CHAIN ANALYSIS

Where are the opportunities?

In all steps of the value chain there is "value leakage" driven by sub-optimal decision making in the organization.
We introduce a simple concept for you to scan the value chain for opportunities and build an initial hypotheses for value opportunities.

- Tap into a catalogue of +100 value improvement ideas.
- Structurally assess value opportunities.
- 10-20 hypotheses for impact opportunities.

3

RECOMMENDATION

Presenting your insights and recommendation to stakeholders.

Being right is not enough. You need to bring your insights and recommendation in a good way. We introduce the SCR-I structure for communication and practice presenting the impact opportunities.

- Use the Situation-Complication-Resolution-Impact structure to create simple and effective communication.

4

IMPACT MEASUREMENT

How do you measure the impact of business partnering?

We finally discuss the importance of articulating the value contribution of a business partner and introduce several qualitative and quantitative ways of doing so.
Lastly, everyone commit to one value opportunity to pursue.

- Understand the concept of value logging.
- Implement a simple feedback loop with business stakeholders.
